

Woodworking Shop Equipment Sale

The City of Bradford's Office of Economic and Community (OECD) has woodworking equipment available for sale by bids. The equipment was seized through a loan default and is available for inspection by appointment only. The City prefers to receive bids on the entire list of equipment; however, bids will be accepted on individual equipment items. If the bidder is interested in purchasing more than one piece of equipment, they should provide a price for each item. The City reserves the right to determine the option of sale that is most advantageous for recouping the unpaid debt.

The equipment had been stored outside with temporary tarp covers and is in varied condition. All the equipment is being sold in as is condition. There is no representation thereof regarding condition or operability and no warranty implied or given. The purchaser shall be responsible for loading and hauling. Prior to the removal of the equipment, payment shall be made in full to the OECD. The Buyer will have 30 days to remove the equipment. Arrangements can be made to inspect the equipment by calling the OECD office at 814-368-7170 ext. 1 between the hours of 8:00 a.m. to 4:00 p.m. Monday-Friday to schedule an appointment.

Bids will be accepted in the City Administrator's Office, second Floor of City Hall, 24 Kennedy Street until 4:00 p.m. on April 9, 2024. Sealed bids will be opened at the City Council meeting to be held at 6:00 p.m. on April 9, 2024. Bids may be retained for up to thirty days.
